

# NOMASTYL® T4

## 1 moulding - 4 possibilities

Discover the NOMASTYL® T4 moulding, an economic profile adapted to the lines of contemporary architecture.

With its small size, the T4 integrates harmoniously into refined interiors and highlights them with a delicate shade without over emphasizing them. With 3 gluing surfaces, it offers the advantage of being able to be installed in many ways. Discreet, it does not lack character, as evidenced by its sharp edges.

NOMASTYL® T4 provides a simple but effective solution to the problem of unsightly joints between walls and ceilings.
